Raytheon Quality Note	Revision - Date
AL	10 – 10/05/23

AS9100/AS9120 QUALITY MANAGEMENT SYSTEM

REVISION HISTORY

- Revision 10 replaces revision 9 dated 07/29/21.
  - This revision removes AS9110 from requirement 1.1. This standard was never intended to be included in this Q-Note.
- The applicable revision of this document is determined by:
  - The revision specified on the purchase order, or
  - The revision in effect at the time of the purchase order if no revision is listed on the purchase order.

REQUIREMENTS

1. Seller shall be in compliance with the current version of AS9100 or AS9120 Quality Management System Requirements. Compliance to the requirements above shall be validated by any one of the following:

1.1. Seller shall submit a current 3rd party certification to AS9100 or AS9120 issued by a registrar accredited by an International Aerospace Quality Group (IAQG) member, signatory or accreditation body or

1.1.1. Raytheon may accept industry equivalent certifications issued from an IAQG accredited registrar to show compliance to this Quality Note.

1.1.2. For sellers that have a Sales/Program Management office at a location other than the location listed on the above applicable certificate, the seller shall complete form QMS-SOQ.

1.2. Seller shall support a Raytheon Enterprise Supplier Assessment (RESA) Chapter 0 audit for AS9100 or AS9120.

DATA SUBMISSION SUMMARY

- Seller to deliver the following data to Raytheon for information as required by this document
  - Valid 3rd party AS9100 or AS9120 certificate.
- Seller to deliver the following data to Raytheon for Raytheon Approval
  - Sales Office Questionnaire as applicable.

NOTES

- Successful completion of RESA Chapter 0 or receipt of a 3rd party certification is required at the time of PO acceptance.
